Sir:

Prior to further examination, please amend the above-identified application as follows:

IN THE CLAIMS:

Please enter the following amended claims:

- CV- 1. (Three Times Amended) An active matrix liquid crystal display panel, comprising:
- a first substrate on which a plurality of color layers having transmission wavelengths different from each other are provided in parallel to each other;
- a second substrate disposed in an opposing relationship to said first substrate with a predetermine clearance left from said first substrate for generating a predetermined electric field when a predetermined voltage is applied; and
